

Chris Arellano

Senior eDiscovery Project Manager

Chris Arellano is a talented eDiscovery professional with over 20 years of experience collecting and recovering data for companies, corporations, and law firms throughout the United States. The last 10 years Chris has focused managing eDiscovery projects for law practices of all sizes. He has held roles such as eDiscovery manager, senior project manager, and senior case manager prior to beginning work for Legal Eagle.

Chris has extensive experience working with various eDiscovery tools such as Relativity, Cloud Nine, ESI Analyst, Nuix, Law Pre-Discovery, among others. He has all-encompassing knowledge of the data collection and recovery process (Collection, Early Case Assessment, Review, and Production) and a diverse set of skills including:

- Document Management
- ECA
- Data Collection, Processing, and Review
- Pre-Production & Post-Production
- Project Management
- Technical Support including Training Case Teams/Reviewers
- Creating pricing structures and budget plans for case teams
